

Identify the following:

Amino acids (3)	Electron transport chain	Lactate dehydrogenase	Pyruvate decarboxylase
Amylase	Exoenzymes (2)	Lipase	Respiration
Catalase	Fermentation	Monosaccharide	Sucrase
Cytochrome oxidase	Gelatin hydrolase	MR test	Urease
Deaminase	Glycolysis	Nitrate reductase	VP test
Decarboxylase	Kreb's cycle	Oxidizer	
Desulhydrase	Lactase	Polysaccharide	
Disaccharide			

Where are the following produced?

ATP	NADH + H ⁺	CO ₂
-----	-----------------------	-----------------
