

Fun Word Problems Sheet Three

1. If a phone company charges \$0.50 for the first 10 minutes and \$0.07 per minute for each additional minute, what is the charge for a 24 minute call?
2. If the interest rate on your credit card is 1.5% per month and your average balance in December is \$3240, how much interest will they charge that month?
3. If three-fourths of the weight of your body is water and you weigh 180 lbs, how much does the water in your body weigh?
4. If the perimeter of an index card is 30 inches and its width is 4 inches, what is its length?
5. A print has a total area of 340 square inches. If its width is 17 inches, what is its length?
