The page is titled "How To Register for Students". It includes a navigation bar with links for Home, Log In, Take A Tour, How To Register, How To Buy Access, Getting Started, FAQ, and Support. The main content area explains that users need to register to enter CourseCompass for the first time. It lists requirements: a valid email address, the course ID, and a student access code, credit card, or PayPal account. A note states that if enrolling in another CourseCompass course based on the same textbook, an access code or payment may not be needed. A photograph of a student and an instructor is shown on the right.
