

**AVS SCIENCE EDUCATORS' WORKSHOP**  
**October 18-19, 2010**  
**Albuquerque, New Mexico**

The Northern California Chapter AVS (NCCAUS) Education Committee is sponsoring an all expenses paid trip, including the cost of a substitute teacher, to the Science Educators' Workshop (SEW) on Vacuum Technology and Physics at the 57<sup>th</sup> AVS International Symposium & Exhibition, October 18-19, 2010 in Albuquerque, New Mexico. This workshop is for middle- to high-school level science teachers. See details in the attached flier.

The NCCAUS Education Committee will select 2 science teachers within the local chapter area to send to the workshop. At the end of the two day program, a vacuum equipment grant, worth over \$1,200, will be provided to obtain a vacuum pump and chamber for your school's science classes.

Please forward the attached flier and application form to your science teachers. The deadline to submit an application is May 14, 2010.
