

Getting Started with CourseCompass and MyMathLab

Access Course Compass

To access your CourseCompass online course for the first time, you need to register and log in. You will then use your login information whenever you want to use CourseCompass.

To register for CourseCompass

To register, you need a valid e-mail account, student access code, and the course ID from your instructor. You will receive the course ID after completing the orientation. Your six-word access code is located inside your student access kit. Lift the yellow tab that reads “Student Access Code”

When you have this information, you're ready to begin:

1. Go to <http://www.coursecompass.com> .
Click on the Register button (under the Students section) and follow the on-screen instructions. When you are asked, type your student access code and the course ID.
2. Type your contact information, such as your name and e-mail address. **Please enter your name as it appears on your Skyline registration information. Use a capital letter only for the first letter of your first and last name.**
3. Enter information about your academic institution. (Skyline College, zip code 94066)
4. Type a personal login name and password; you'll use this unique login name and password each time you access your CourseCompass course.

You're finished! You can now log in to CourseCompass and start exploring your online course.

When you use CourseCompass for the first time:

1. Go to <http://www.coursecompass.com> .
2. Click on the Log In button (in the Students section).
3. Type in the personal login name and password you just created to open your customized CourseCompass page.
4. From the “Welcome” page, click on your course. Then choose the “Installation Wizard” link in the left column to check that your computer has the required set-up and plug-ins. You must install the plug-ins to properly view all features of the course.
5. For help on entering answers, go to an audio tour:
<http://www.mymathlab.com/tours.html> and click on the How to Enter Answers Using the MathXL Player link.
