25 POINTS EXTRA CREDIT TOWARD THE QUIZ GRADE

Stock Portfolio Project

You have inherited the sum of \$100,000 from Aunt Millie.
You are to invest these funds in companies which are publicly traded on one of the major stock exchanges.

This is an entire semester project which should be done using the EXCEL spreadsheet so that you can list the purchase price of the stocks and keep track of the dollar amount of difference on a weekly basis for the entire semester.

At the end of the semester submit your summary spreadsheet along with an explanation of the purchasing/selling strategies you used and a total of the dollar amount of profit or loss as a result of your strategies.
