

**SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT  
PRE-QUALIFICATION FOR DESIGN-BUILD ENTITIES**

**ADDENDUM 3  
January 5, 2007**

---

**I. SUMMARY**

This document contains requirements that clarify or supersede portions of the Pre-qualification Application.

**II. ADDITIONAL INFORMATION**

**1. Campus Wide Electrical Systems**

There is a high probability that the District will elect to perform campus-wide upgrades to the high-voltage electrical distribution systems at both Skyline College and the College of San Mateo. As such, the District recommends that the Design Build Entities (DBEs) electrical subcontractors are certified for high-voltage system (12 kV) construction.

**2. Security and Controls Systems**

The District exclusively utilizes Siemens MXL Fire Alarm Systems and Yamas DDC Controls Systems and will require that DBEs provide these products for the Skyline College and College of San Mateo Design Build projects.
