

VANCOUVER GLOBAL INTERNSHIPS

Gain global work experience. Prepare for your future career. Complete project-based deliverables. Connect with international employers, local events and fellow students.

Exact opportunities can vary due to such factors as market trends, time of year, and economic outlook. Strong industry sectors for global internships in Vancouver include, but are not limited to, the following:

- Business & Communications: market research, brand communication, digital marketing, and professional services
- Information Technology & Computer Science: system development, beta testing, game design, website management, product or services launch, and market research
- Marketing & PR: content creation, social media, corporate communications, tourism agencies, and NGOs
- Sustainability & Education: program development, policy research, data analysis, evaluation reports, and fundraising support

“The global internship online allowed me to see different perspectives and gain confidence in my own abilities” (Summer 2021 Intern)

Sample Placement with Human Rights NGO: conduct research to expand proposal writing or enhance grant reporting

Sample Placement with Start Up Company: support market expansion plan for emerging professional services company

Sample Placement with SaaS Company: assist with developer network site updates, including creating and reviewing documents

The Global Career Center (GCC) team works to match each student with an internship that most closely connects to individual career goals, interests, and experience level. In addition to placement and support throughout the project, the GCC program includes a series of professional events and cultural activities designed specifically to make the most of the experience, connect with the local community, and build global employability.
