Future Housing Board Meeting Dates: September 15, 2020 and December 8, 2020
The Housing Corporation, through Kenny Realty, is at the point in the year where it is planning to provide notices to residents of College and Cañada Vistas of annual rental increases. In considering the broader impact of the pandemic, staff requests the Board review the annual increase schedule to determine if any modification to the schedule is needed.

CONTEXT
In June 2019, the Housing Board approved a rental increase schedule which calls for an annual increase to be assessed for all units at both complexes each October 1. In the schedule, which is based on an attempt to close the gap between current Housing Corporation rates and the County’s low-income rates in their below-market rate (BMR) formula, resident rents are increased by varying amounts based on the size of their respective units. Below is a table of increase amounts for reference (last year and this year).

IMPACT AT CAÑADA VISTA
Since July 2018, Cañada Vista residents have been receiving a $150 monthly rental concession (through the duration of the construction) and the refunding of assessed fees for amenities (i.e. garage, view, etc.) that are unable to be used at various times during construction. This has resulted in as much as $300 per month in concessions for some residents (though the average is $200-$250).

Last year, per the Housing Board’s actions referenced above, the monthly rental rates were increased for all units. However, for Cañada Vista, the rates were increased but the increased rent was not collected (and will not be collected for that period) due to the construction. Residents at Cañada Vista were notified of this action last year and have paid no increased rental rates during this time, though their monthly rental rate has increased. Construction is anticipated to be completed in the coming months, at which time, the rental concessions will end and the resident rents will be adjusted to the increased 2019-2020 rates. Further, on October 1, 2020, an additional increase is due to be assessed per the schedule referenced above.

When last year’s increases were implemented, the Housing Board allowed for an initial stair step approach where half of the increased monthly amount was collected for the first six months of the collection period
and the full amount was collected for the remaining six months of the collection period. This process was implemented at College Vista. As noted above, due to construction at Cañada Vista, this process was not implemented.

CONSIDERATIONS
Though there may be other options the Housing Board wishes to consider, staff offers the following three options for consideration of any possible modification the Board may wish to make to the annual rental increase schedule:

- **OPTION 1:** No modifications. Implement rental schedule as planned and approved in 2019. *(This would mean collecting the increase from 2019-2020 and for 2020-2021 on October 1 for Cañada Vista – or as soon as construction is finished.)*

- **OPTION 2:**
  (A) Implement rental increase schedule as planned and approved for College Vista.
  (B) Implement rental increase schedule for Cañada Vista with implementation of a stair stepped approach collecting rate set with in 2019 for the first six months of the collection period and then moving to the 2020-2021 rate for the remaining six months of the collection period. *(Example: if the unit rent was $1,000 in 2018, the rate would then be $1,071 per month (the 2019 rate) from October 1 – March 31, and then be $1,148 per month (the 2020 rate) from April 1 – September 30.)*

- **OPTION 3:** Freeze the rental increase schedule for all residents (both College Vista and Cañada Vista) for one year and delay the 2020-2021 rate implementation until 2021-2022 and adjust the schedule of implementation by one year for the successive years.
